CONSTRUCTION UPDATE JULY 2019

Dear Valued Client,

Here is a summary of works so far:

- New guttering installed at adjacent party wall building
- Masonry work complete
- Cladding & rails commenced last week to conclude party wall works
- Site strip initial phase continuing
- Main site clearance commenced, approximately 250 loads to be removed
- Concrete pouring for strip foundations ongoing
- Steel Framework order placed, delivery anticipated 3rd / 4th week of August for delivery and erection
- Designated teams are on-site performing necessary evaluations and foundation-based activities in preparation for the arrival of the steel frame.

We will keep you updated with the progress and any changes as development continues.
